نبذة عن قسم علوم المعلومات

يقوم قسم علوم المعلومات بتخريج طلبة مهنيين على مستوى عالي من التعليم وإحاطة تامة بنظم المعلومات الحاسوبية. يهدف القسم إلى توفير تعليم علي الجودة يتسم بالشمولية والتوجه نحو الحياة المهنية في نظم المعلومات الحاسوبية عن طريق الحفاظ على منهج قائم على مخرجات وهيئة تدريسية ذات كفاءة عالية لخدمة رؤية الكويت 2035.

الحوسبة وتكنولوجيا المعلومات ونظم المعلومات هي من أكثر وأسرع التخصصات في التطور والتغيير في العالم. لذا يتطلب سوق العمل كوادر مؤهلة ذات كفاءة عالية متخصصة في نظم المعلومات في صنع المجالات كالشبكات وقواعد البيانات وتطوير النظم وإدارتها. حرص قسم علوم المعلومات منذ تأسيسه على الالتزام القوي والذووب في الحفاظ على برنامج علي الكفاءة يتماشى مع رؤية جامعة الكويت وعلى أحدث المفاهيم في مجال نظم المعلومات والمتغيرات في سوق العمل، وذلك من خلال اعتماد برنامج تعليم مبني على أساس مخرجات واهداف واضحة للقسم مستمدة من توصيات مؤسسه الاعتماد الأكاديمي ABET.

شروط القبول:

يقبل لخريجي القسم العلمي الحاصلين على أعلى معدل مكافى محسوباً وفقاً للأوزان التالية:

- 70% من نسبة شهادة الثانوية العامة
- 15% من نتيجة اختبار القدرات - اللغة الإنجليزية
- 15% من نتيجة اختبار القدرات - الرياضيات

معلومات أخرى:

- فئة الطلبة: إناث / ذكور
- لغة الدراسة: اللغة الإنجليزية
- سنوات الدراسة: 4 سنوات

البرامج المطروحة:

- بكالوريوس في علوم المعلومات
- ماجستير العلوم في تكنولوجيا المعلومات (متاح فقط لحاملي البكالوريوس في تخصص ليس له علاقة بتكنولوجيا المعلومات)
- ماجستير العلوم في نظم المعلومات الحاسوبية (لالمتخصصين في تكنولوجيا المعلومات)

About the Department of Information Science

Information systems, technology, and computing are among the largest and fastest-growing fields in the world. Today's labor market demands qualified professionals to work in information systems such as networks, software development, database, and web development. Since its inception, the department of Information Science has a strong commitment to maintaining high-quality programs consistent with the overall mission of Kuwait University and the ever-changing demands of the profession through outcome-based learning programs based on recommendations of the Accreditation Board for Engineering and Technology (ABET).

The Information Science Department aims to provide a comprehensive and high-quality education graduates qualified professionals capable of realizing the desire of His Highness the Amir of the State of Kuwait and his vision "Kuwait 2035" which relies on the knowledge-based economy as well as meet the needs of the labor market locally, regionally and globally.

The department undergraduate program core technology areas include object-oriented programming, web programming, operating systems, computer networks, information security, system analysis and design, database management, and information system development.

The program also includes practical statistics, discrete mathematics, and computer ethics. Additionally, students engage in **internship programs** and **capstone projects** where they acquire a range of applied technical and professional skills to develop, implement, and maintain information systems in a variety of organizations. The program also includes a **minor in "Environmental Science"** that provides students opportunities to focus on a specialized topic or area where information systems play a major role.

A. Degrees offered:

- 1- **Bachelor of Science program (B. Sc.) in Information Science** obtained accreditation from ABET in General Computing (last updated in 2023). Note: The ABET Self-evaluation report submitted by the Department was chosen among the 50 best reports worldwide for the year 2019.
- 2- **Masters of Science (M. Sc.) (MCIS) in Computing Information Systems** aims at graduating highly professional students who are immersed in information systems and the latest developments in computing.
- 3- **Masters of Science (M. Sc.) (MSIT) in Information Technology** attracts those interested in developing computing skills for non-specialists in the tech field.

B. Department Objectives

- Provide fundamental knowledge in information systems and technology through a strong foundation in programming, databases, information and communication technology, web development, information system design, information security, systems and networks, and technology project management.
- Organize various lectures and seminars in the field of information systems and technology. Additionally, students are exposed to field visits and external professional training to provide opportunities to observe the methods and performance of others through exchanging experiences.
- Create a dynamic academic environment that fosters creativity and innovation for students to develop their technical and leadership abilities to manage and develop new information system applications in a balanced mix of teaching, research, service, and a high level of awareness about professional ethics and the global community.

C. Mission Statement

The mission of the Department of Information Science is to graduate highly educated, well-rounded, and career-oriented professionals in computer information systems. Our outcome-based curriculum equips students with knowledge and skills enabling them to transform real-world data into knowledge using the latest concepts in information and communication technologies to develop applications that support decision making and serve the public and private organizations in the State of Kuwait.

D. Admission requirements

Accept only student from science high schools who have the highest equivalent rate calculated according to the following weights:

- 70% of the general secondary certificate percentage
- 15% of the aptitude test result - English language
- 15% of the aptitude test result - Mathematics

Other Information:

- The program is **open to male and female students**
- Language of study is **English**
- Number of years study is **4 years**

Faculty Members

The Department of Information Science offers high-quality education. Faculty members and teaching assistants are dedicated to provide outstanding teaching and learning. Administrative staff supports the department's activities. Scan the barcode for more information.

قسم علوم المعلومات يقدم تعليم ذو جودة عالية. يضم القسم أعضاء هيئة التدريس وأعضاء هيئة التدريس المساعدة (TA) الملتزمون بتوفير تعليم متميز ويقوم الموظفين الإداريين بدعم أنشطة القسم.

Bachelor of Science program (B. Sc.) in Information Science

Educational Objectives

1. Engage in productive careers with the knowledge of computing to develop, deliver, and manage information systems that support public and private organizations.
2. Excel in their work environment by communicating effectively, functioning effectively as a team, and practicing professional ethics with the sense of social responsibility.
3. Adapt to the challenges of the changing environment and the new technologies, and to continue professional development, broaden their professional knowledge and/or pursue graduate studies.

Student Outcomes

1. An ability to analyze a complex computing problem and to apply principles of computing and other relevant disciplines to identify solutions.
2. An ability to design, implement, and evaluate a computing-based solution to meet a given set of computing requirements in the context of the program's discipline.
3. An ability to communicate effectively in a variety of professional contexts.
4. An ability to recognize professional responsibilities and make informed judgments in computing practice based on legal and ethical principles.
5. An ability to function effectively as a member or leader of a team engaged in activities appropriate to the program's discipline.
6. An ability to support the delivery, use, and management of information systems within an information systems environment.

The department qualifies its graduates to work in various bodies and institutions in the public and private sectors, in addition to consulting offices, research centers, and regional and international organizations. We summarize some of the positions of the department's graduates.

يؤهل القسم خريجيه للعمل في مختلف الهيئات والمؤسسات في القطاع الحكومي والخاص هذا بالإضافة الى المكاتب الاستشارية ومراكز البحوث والمنظمات الإقليمية.

الجدول ادناه يلخص بعض الفرص الوظيفية لخريجي القسم:

Computer teacher	صانع برامج
Systems analyst	مدرس حاسب آلي
Information and data analyst	تقني معلومات أول
Information systems developer/designer/architect	محل نظم تطبيقية
Web designer/developer	معلم تكنولوجيا المعلومات والاتصالات
Software designer/developer/tester	صانع نظم آلية
Databases administrator	معلم تكنولوجيا المعلومات والاتصالات
Information networks developers and administrators	مساعد مراقب شبكات
Information security officer	اختصاصي تطوير نظم
Technology and information consultants	مساعد منسق معلومات
Information security manager	وغيرها من الوظائف الأخرى
Academic researcher	
Information security manager	
Automation support specialist	
Information systems governance specialist	
Technical quality control specialist	
Information technology project management specialist	

Student Advising

The Department, College, and University advise students at different levels on the following:

- Selecting their major.
- Understanding the University rules and regulations.
- Monitoring their academic progress.
- Mentoring and advising.

University-level: the advising is provided by the Advising Center under the Deanship of Student Affairs. The University provides an online electronic registration system where the rules and regulations of course registration and prerequisite requirements are explained and enforced.

College-level: the advising is achieved through the Office of Student Advising chaired by the Vice Dean for Students Affairs.

Department-level: there are several academic advisers, including an academic advisor, an Environmental Electives (EE) adviser and a portfolio adviser. Academic adviser assists students in Information Science (ISC) and General Elective courses. The EE adviser guides students to choose appropriate EE domains and to identify the required 15-credit EE courses, while the Portfolio adviser supervises the student portfolio.

الارشاد والتوجيه :

- يحصل الطالب على التوجيه والارشاد خلال مسيرته الاكademie على مستوى الجامعه والكليه والقسم وذلك
- لاختيار التخصص المناسب
 - للتعرف على انظمه ولوائح الجامعه
 - متابعة تطور الطالب

حيث تقم الجامعة نظام الكتروني للتسجيل والارشاد وهذا النظام يعمل على التأكيد من ان الطالب مستوفى الشروط الخاصة في التسجيل والمتطلبات الازمة والمتبقية للتخرج، بالإضافة الى درجاته ومعدله العام ومعدل التخصص كما يتم توجيه الطلبة من خلال مكتب التوجيه والإرشاد لكلية التابع للعميد المساعد للشؤون الأكademie، هذا بالإضافة الى التوجيه والإرشاد على مستوى القسم.

Bachelor of Information Science- Arabic Major Sheet

Arabic Major Sheet

صحيفة التخرج

Bachelor of Information Science - English Major Sheet

Major sheet for B.S in Information Science					
I. Readiness Program					Students select 1 course (3 Credits) from the following:
SUBJ CRN CRD TITLE					CLS 101 3 Introduction to Environmental Sciences
SCI 091 0 Pre-Calculus (or passing KU Entrance Math Exam)					CSL 104 3 Biology
ELU 096 0 Module 1					CLS 105 3 Chemistry
ELU 106 4 Module 2					CLS 110 3 Personal Fitness & First Aid
II. General Education Requirements (54 Credits)					CLS 125 3 Chemistry & Our World
SUBJ CRN CRD TITLE					CSL 131 3 Introduction to Communication Disorders
Creative Expression Domain (6 Credits)					FSC 102 3 Foundations of Family Sciences
Students select 2 courses (6 Credits) from the following					FSC 104 3 The Human Body
AAD 100 3 Art Appreciation					FSC 105 3 Personal Nutrition & Women's Health Issues
AAD 110 3 The Art of Drawing					FSC 110 3 Introduction to Human Nutrition & Food
AAD 112 3 Painting I					ISC 101 3 Introduction to Information Systems
AAD 220 3 Photography I					
AAD 230 3 Basics of Graphic Design					
AAD 240 3 Basics of Interior Design					
Culture & Society Domain (12 Credits)					
Required Courses (9 Credits)					
CLS 130 3 Ethics & Practices					CLS 253 3 Technical Writing**
HIS 102 3 History of Arabic & Islamic Civilization [A]					ISC 101 3 Introduction to IS**
ISC 105 3 Computers & Society					ISC 115 3 Computing Foundations
Students select 1 course (3 Credits) from the following:					ISC 210 3 Computational Methods
AAD 203 3 Art & Architecture of the Modern World					ISC 240 4 Programming & Problem Solving
CLS 120 3 Humans & Their Environment					ISC 241 4 Data Structures
CLS 220 3 Social & Economic Trends in the Gulf					ISC 321 3 Database Systems I
CLS 221 3 Social Perspectives on Environmental					ISC 331 3 IS Theory & Practice
FSC 103 3 Psychology in Everyday Life					ISC 340 4 Web Programming
FSC 261 3 Marriage & Family Relationships					ISC 350 3 Networks & Telecommunication
Language & Communication Domain (15 Credits)					ISC 353 3 Information Security Systems
Required Courses (12 Credits)					ISC 357 3 Operating Systems & File System Organization
CLS 100 3 Arabic Language [A]					ISC 363 3 Computer Organization
CLS 103 3 Arabic Writing & Presentation Skills [A]					ISC 495 3 Internship
ELU 126 3 Academic Writing & Research Skills					ISC 499 3 Capstone Project
ELU 146 3 Academic Oral Skills					
Students select 1 course (3 Credits) from the following:					
CLS 131 3 Introduction to Communications & Media					
CLS 230 3 Fundamentals of Interpersonal Communication					
CLS 253 3 Technical Writing					
CSL 211 3 Introduction to Linguistics					
FSC 273 3 Child & Media					
Leadership Competency Domain (6 Credits)					
Students select 2 courses (6 Credits) from the following:					
CLS 132 3 Women in the Workplace					
CLS 135 3 Leadership Development					
CLS 139 3 Introduction to Environmental Technology Management					
CLS 161 3 Introduction to Entrepreneurship					
CLS 260 3 Career Perspective					
Science, Health, and Technology Domain (15 Credits)					
Required Courses (12 Credits)					
SCI 111 3 Linear Algebra					
SCI 101 3 Calculus					
CLS 109 3 Statistics					
ISC 100 3 Fundamentals of Personal Computers					
V. Support Major Area (0 Credits)					
ISC 088 0 Portfolio Review					
VI. Free Electives (3 Credits)					
Students select 1 course (3 Credits) offered in the College or					
Requirement for graduation: 126-130 Credits					

Sci=Science College, HIS=History, ELU=English Language Unit, CLS=College of Life Sciences, AAD = Art and Design, FSC = Family Sciences, ISC=Information Science, [A]= Taught in Arabic Language, **= If this course is chosen as General Education, another course must be selected from the department electives, ***= All 15 credit must be selected from one area (E.g. business or environmental...etc.) Refer to the table of environmental electives

****=There is an equivalent course.

CLICK IT Student Club-Department of Information Science
نادي قسم علوم المعلومات

The ClickIT club sees a world full of strong, successful, talented young people that hold powerful positions, multitask, lead others, give back to the community, and strive for social and technological advancements in Kuwait.

Since its re-establishment in 2015, the ClickIT club has brought various activities, technical talks, self-improvement talks and a Job Fair and exhibition in effort to enhance student skills and promote career opportunities in IS, IT, and CS. The club is open to students all over Kuwait interested in technology and computer science.

يرى نادي قسم علوم المعلومات عالما مليئا بالشباب الناجحين والموهوبين، الذين يشغلون مناصب قوية ويقومون بمهام متعددة ويقدمون الأفضل للمجتمع ويسعون جاهدين لتحقيق التقدم الاجتماعي والتقدم التكنولوجي في الكويت.

تأسس النادي في عام ٢٠١٥ وقدم العديد من الأنشطة والمحادثات الفنية ومحادثات التحسين الذاتي ومعرض الوظائف في محاولة لتعزيز مهارات الطلاب وتعزيز الفرص الوظيفية لتكنولوجيا المعلومات وعلوم الكمبيوتر. النادي مفتوح للطلاب المهتمين بالتكنولوجيا وعلوم الكمبيوتر.
